Ms. Mila Demier

Ex. 6 - Personal Privacy

Dear Ms. Demier:

Thank you for your letter to the U.S. Environmental Protection Agency regarding the Oxitec Experimental Use Permit (EUP) for OX513A.

In response to requests from stakeholders, EPA is reopening the public comment period regarding an application from Oxitec Ltd. for an experimental use permit (EUP) for genetically engineered OX513A *Aedes aegypti* mosquitoes. For more information, see our announcement: [EPA Reopens Public Comment Period on Application for Experimental Use Permit to Combat Mosquitoes](#).

Public comments about this proposed EUP should be submitted to www.regulations.gov docket # [EPA-HQ-OPP-2017-0756](#) on or before June 7, 2018. For your convenience the EPA has submitted your letter to the docket on your behalf. Please feel free to submit additional comments or reach out to the Agency again with any further questions.

Thank you for again for your comments on this important matter.

Sincerely,

Greg Siedschlag
